

PERUVIAN PARTNERS

- News from Flores de Villa Peru -

March 2024

Dear friends and family,

Peruvian Partners is dedicated to nurturing the physical, mental, and spiritual well-being of our friends in Peru. Reaching out to someone during their physical need opens their heart to know the God that motivated that action in someone else's heart. Education is a pillar to breaking the bonds of poverty, as it empowers and expands opportunities while also building a stronger will to thrive.

We are so grateful to all of those who give toward the "Most Need" category. This category of giving encompasses the immediate needs of not only the people within the community of believers, but also those who are on the fringes. In the last couple months, there has been an upsurge in Dengue fever and Tuberculosis in Flores de Villa. Both diseases are serious and potentially deadly. Along with love and care, financial donations have been used for food baskets and medical needs. This is an opportunity to reach out demonstrating Gods unconditional love.

Enrique Human recently started walking with Jesus and has already become one of the leaders in the Men's Ministry. Those on the recent English Camp mission trip had the opportunity to spend time with him. His precious only daughter, Ruth, the love of his life, has been struck with a resistant strain of tuberculosis (TB). Enrique is desperate.

About a year ago, another young girl that was the same age as Ruth passed away abruptly from TB. Please pray God's healing touch on Ruth and Enrique's family. They are so grateful to you for walking along with them in this difficult time.

The Darling girls gave Ruth an adult coloring book and markers to keep her entertained during her long hours of isolation.

She is back in the hospital this morning with a high fever. Pray with us that Ruth will be completely healed and soon come to know Jesus as her Lord and Savior.

The new school year just began. **THANK You 2024 English Camp Team**, for your donations to build a schoolroom, desks, and chairs. It was completed just in time!

Pictured above: a group of women and mothers who came to pray over and dedicate the new schoolroom.

Bless this schoolroom, Lord, with your presence and your grace. May it be a place where knowledge flourishes, friendships are formed, and lives are transformed for the better. May it be a place where Your love shines brightly for all to see.

The school administration, principal, students, and community of Flores de Villa THANK THE ENGLISH CAMP TEAM OF 2024 for this new space!!

Also please pray with us for dear Pedro Ventura, a faithful servant for many years. Kind, but tough. Pedro was just released from the hospital yesterday but is still extremely ill. Your donations bought his medicine, paid for his treatment and a food basket. Pray with us for his complete healing, as Olga his wife of 40 years, tenderly cares for him.

Again, we want to express our gratitude to all of those who donate to Peruvian Partners “**Most Need**” category and if you are able to [give now](#) again, enabling us to respond in kindness at the moment of most need, whether it be in mind, body or spirit.

We so appreciate your partnership and generosity.
In the transformative love of Jesus,

David and Gina
